

and recur
if bottom

journeys back in the stems

of hyacinths base

marking a vital concern
a bludgeon battle shared firm

by that good stretch of space

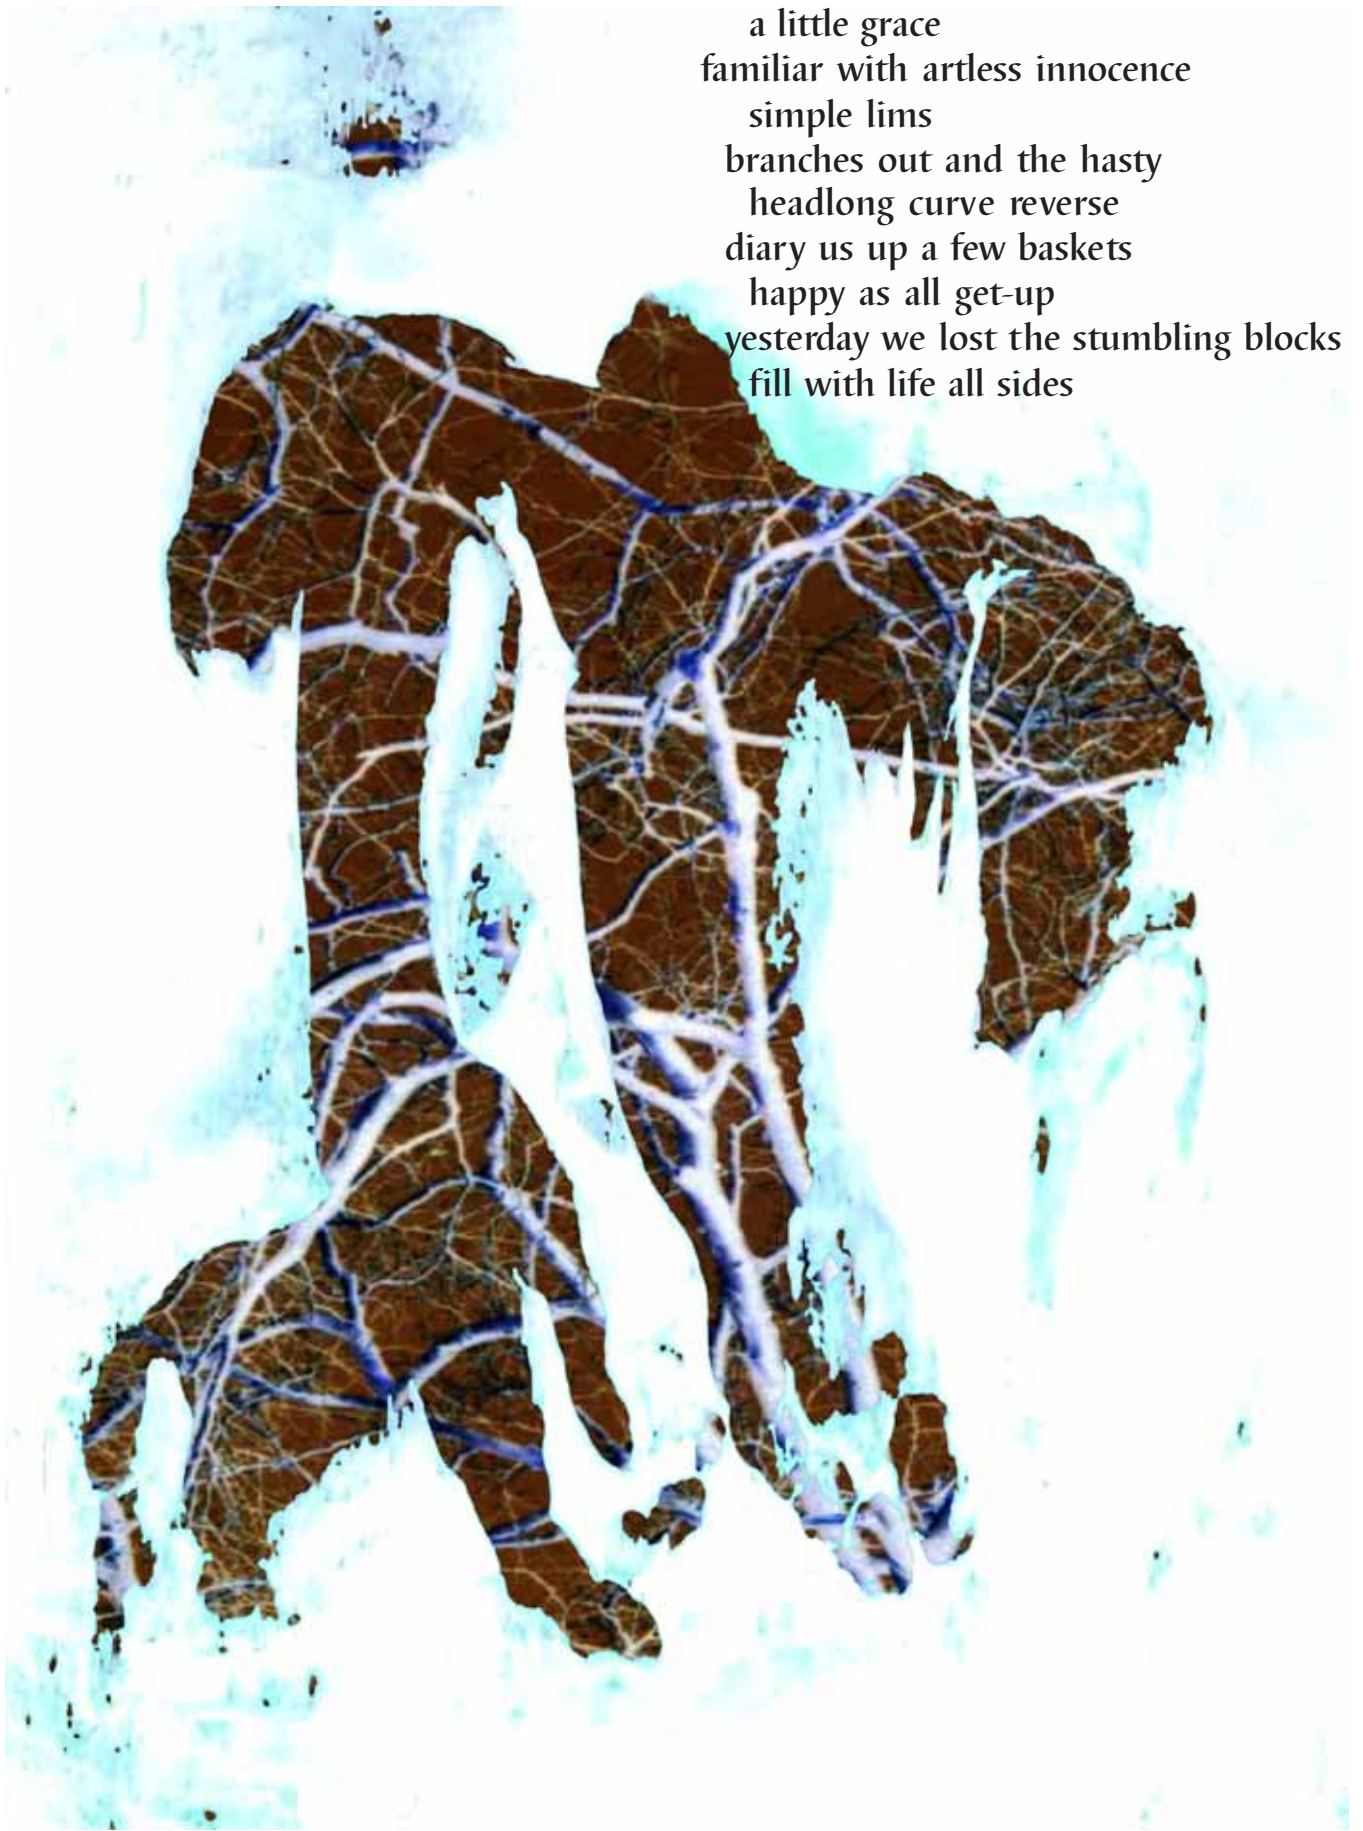

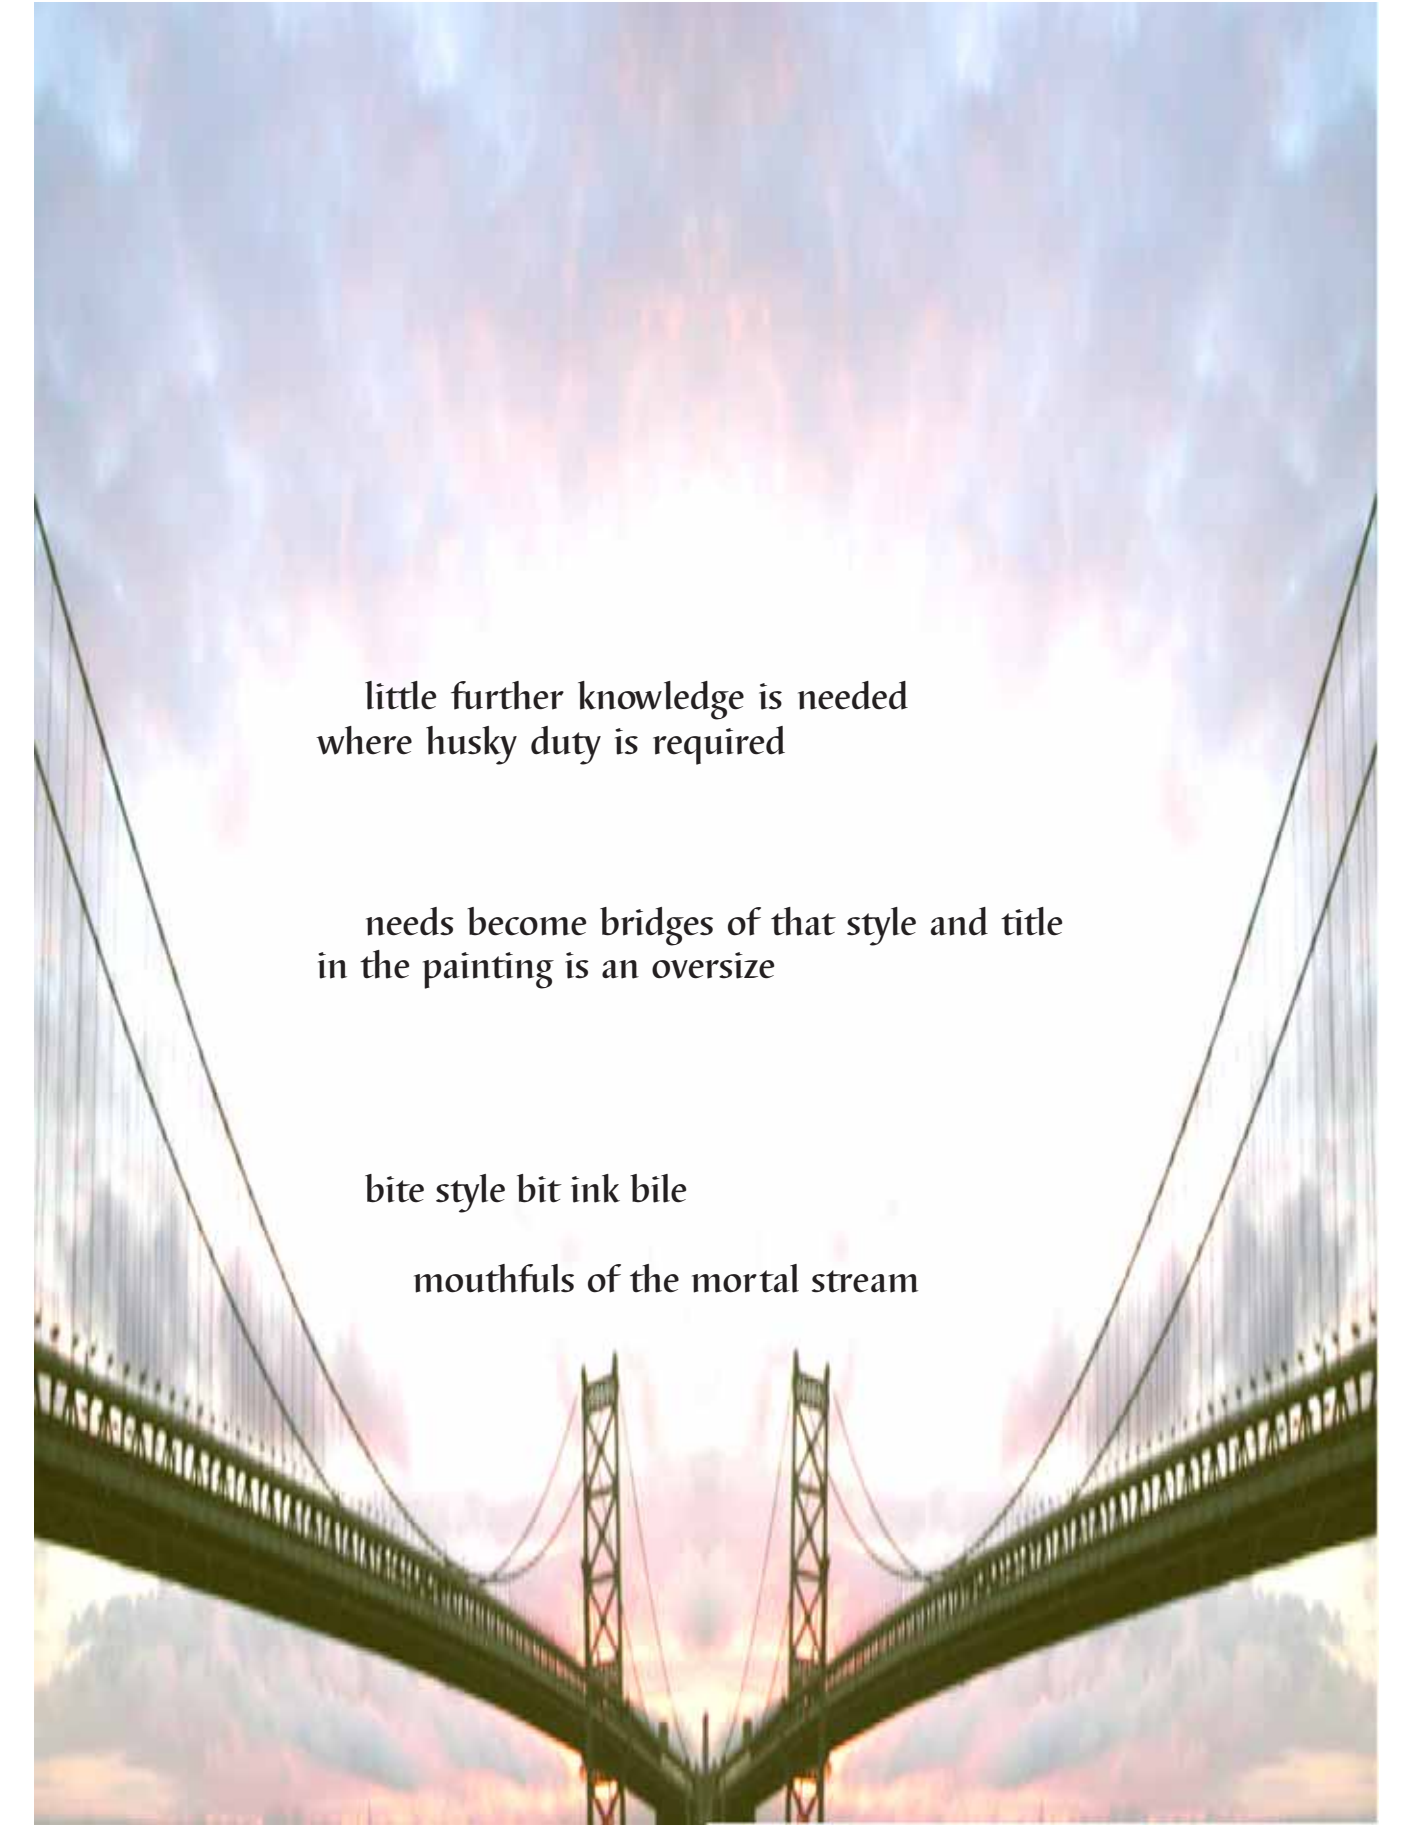

this great demand
is ashes in tears
truly precious
a bungle of human architecture

fancy was reduced
to unfitting barricades
dwindled and drained away
improper blocks

modifications
on
conceits

a little grace
familiar with artless innocence
simple lims
branches out and the hasty
headlong curve reverse
diary us up a few baskets
happy as all get-up
yesterday we lost the stumbling blocks
fill with life all sides

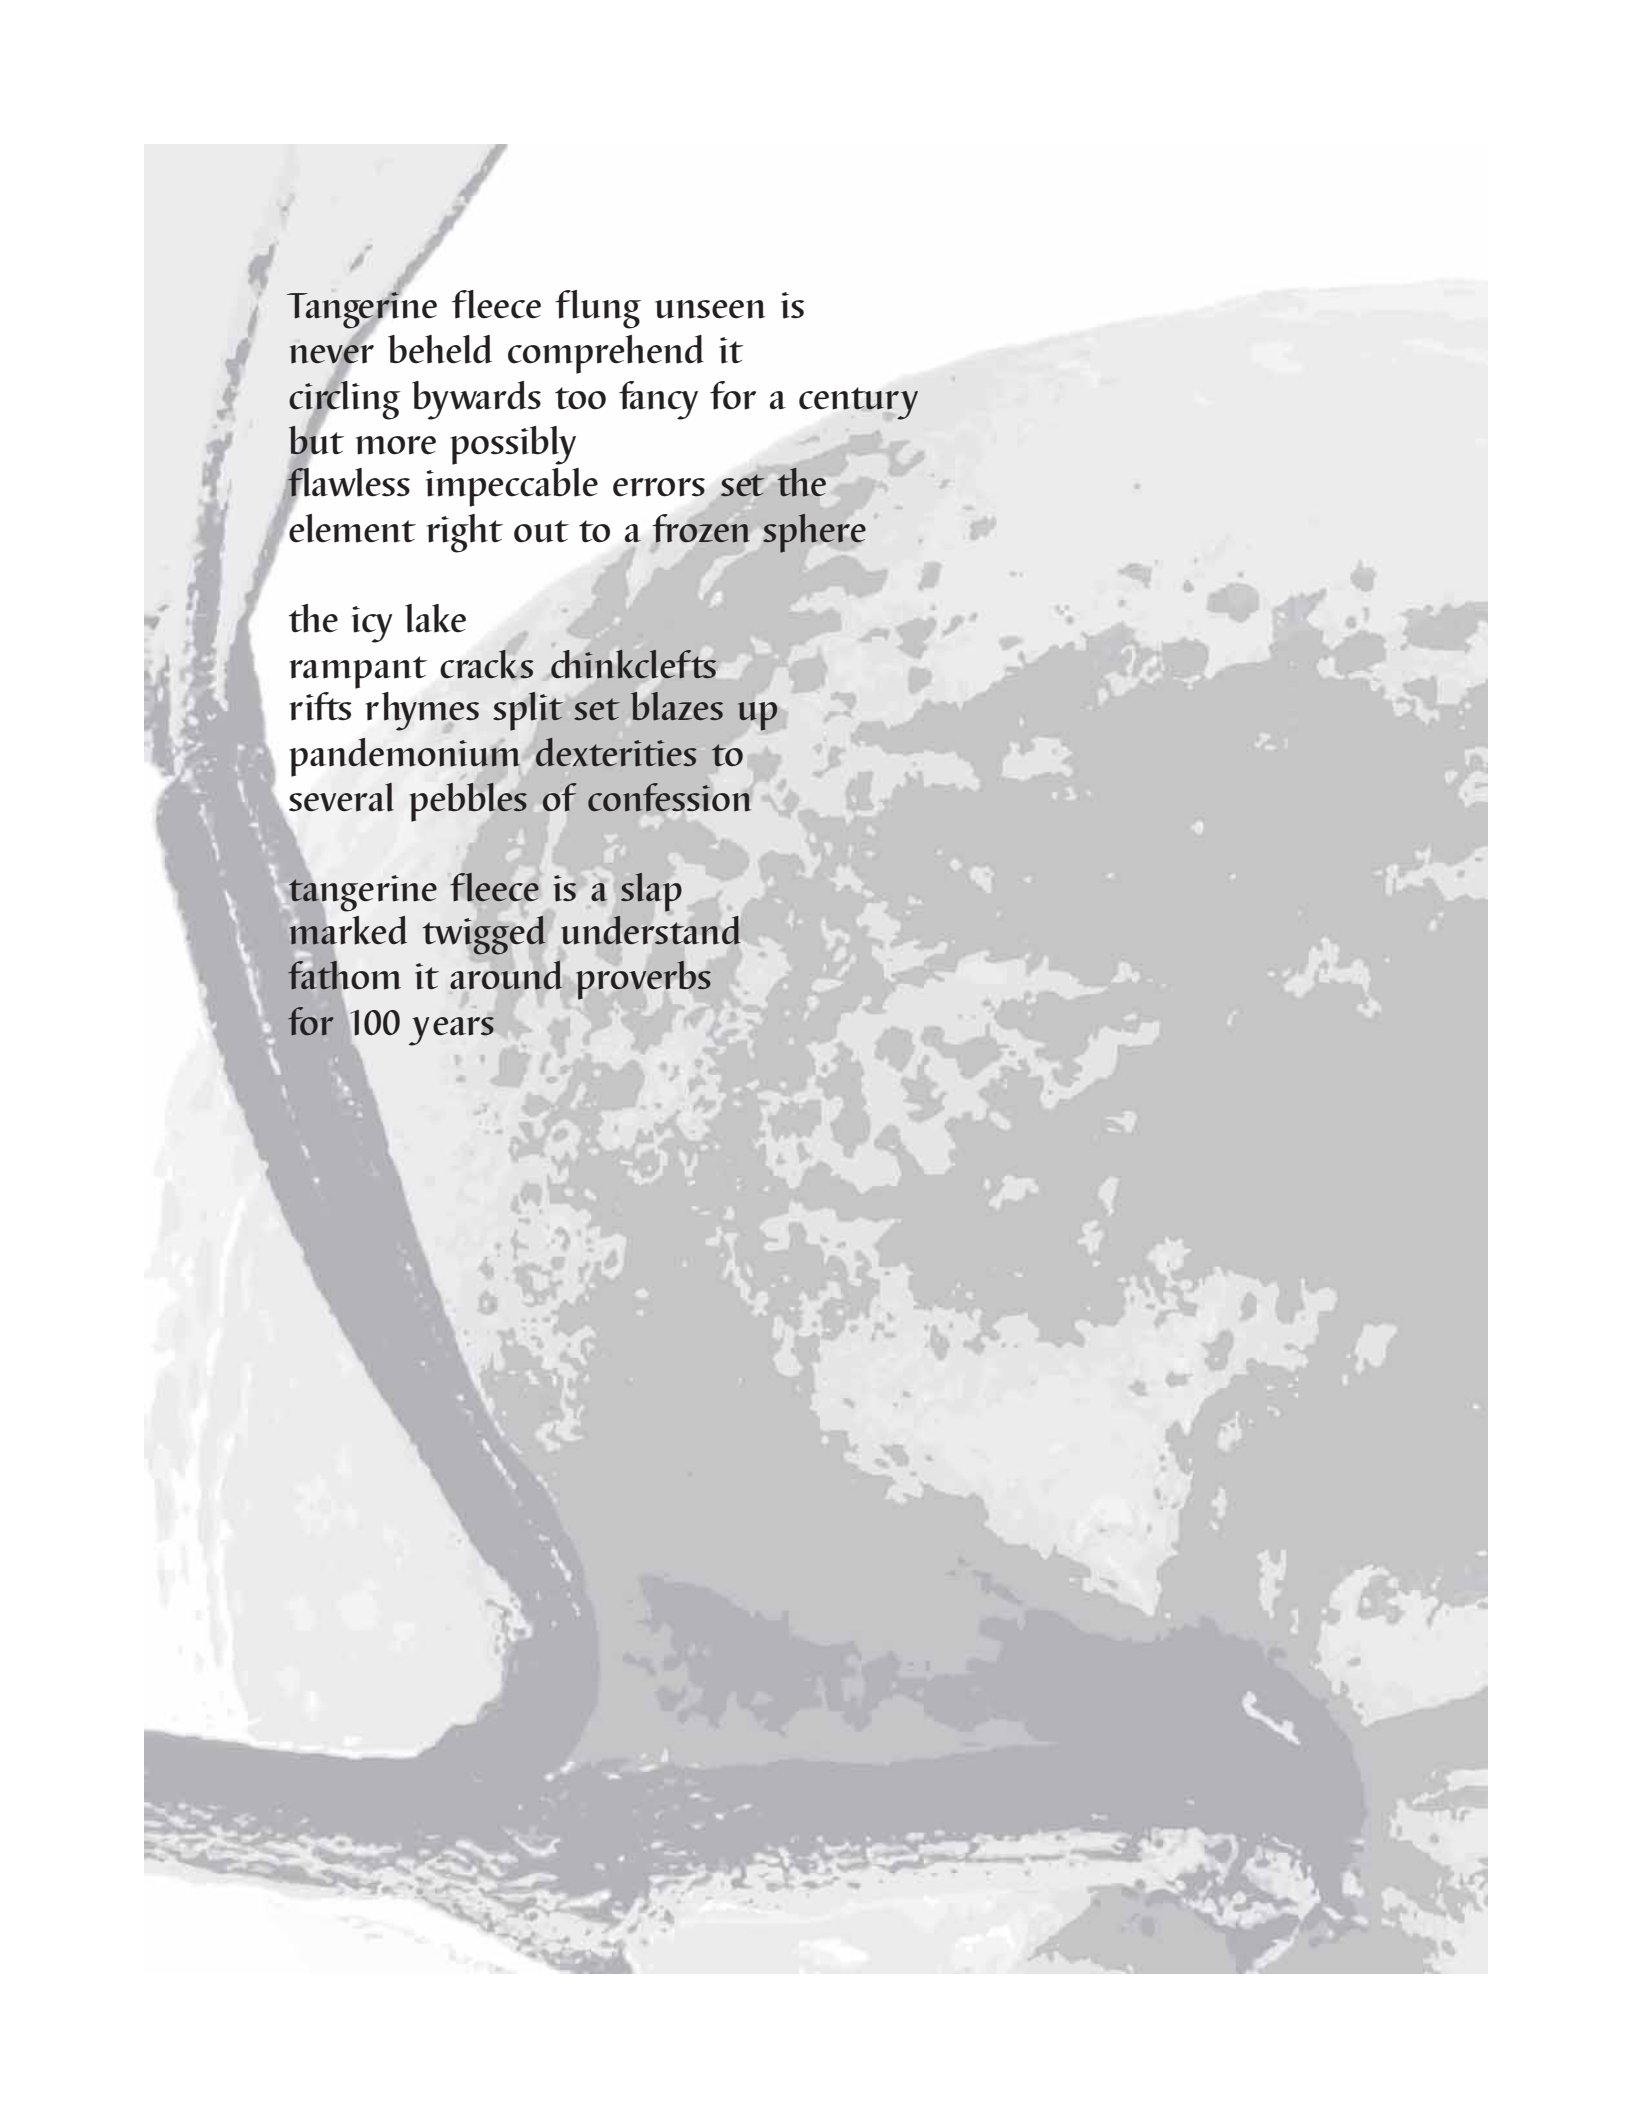

little further knowledge is needed
where husky duty is required

needs become bridges of that style and title
in the painting is an oversize

bite style bit ink bile

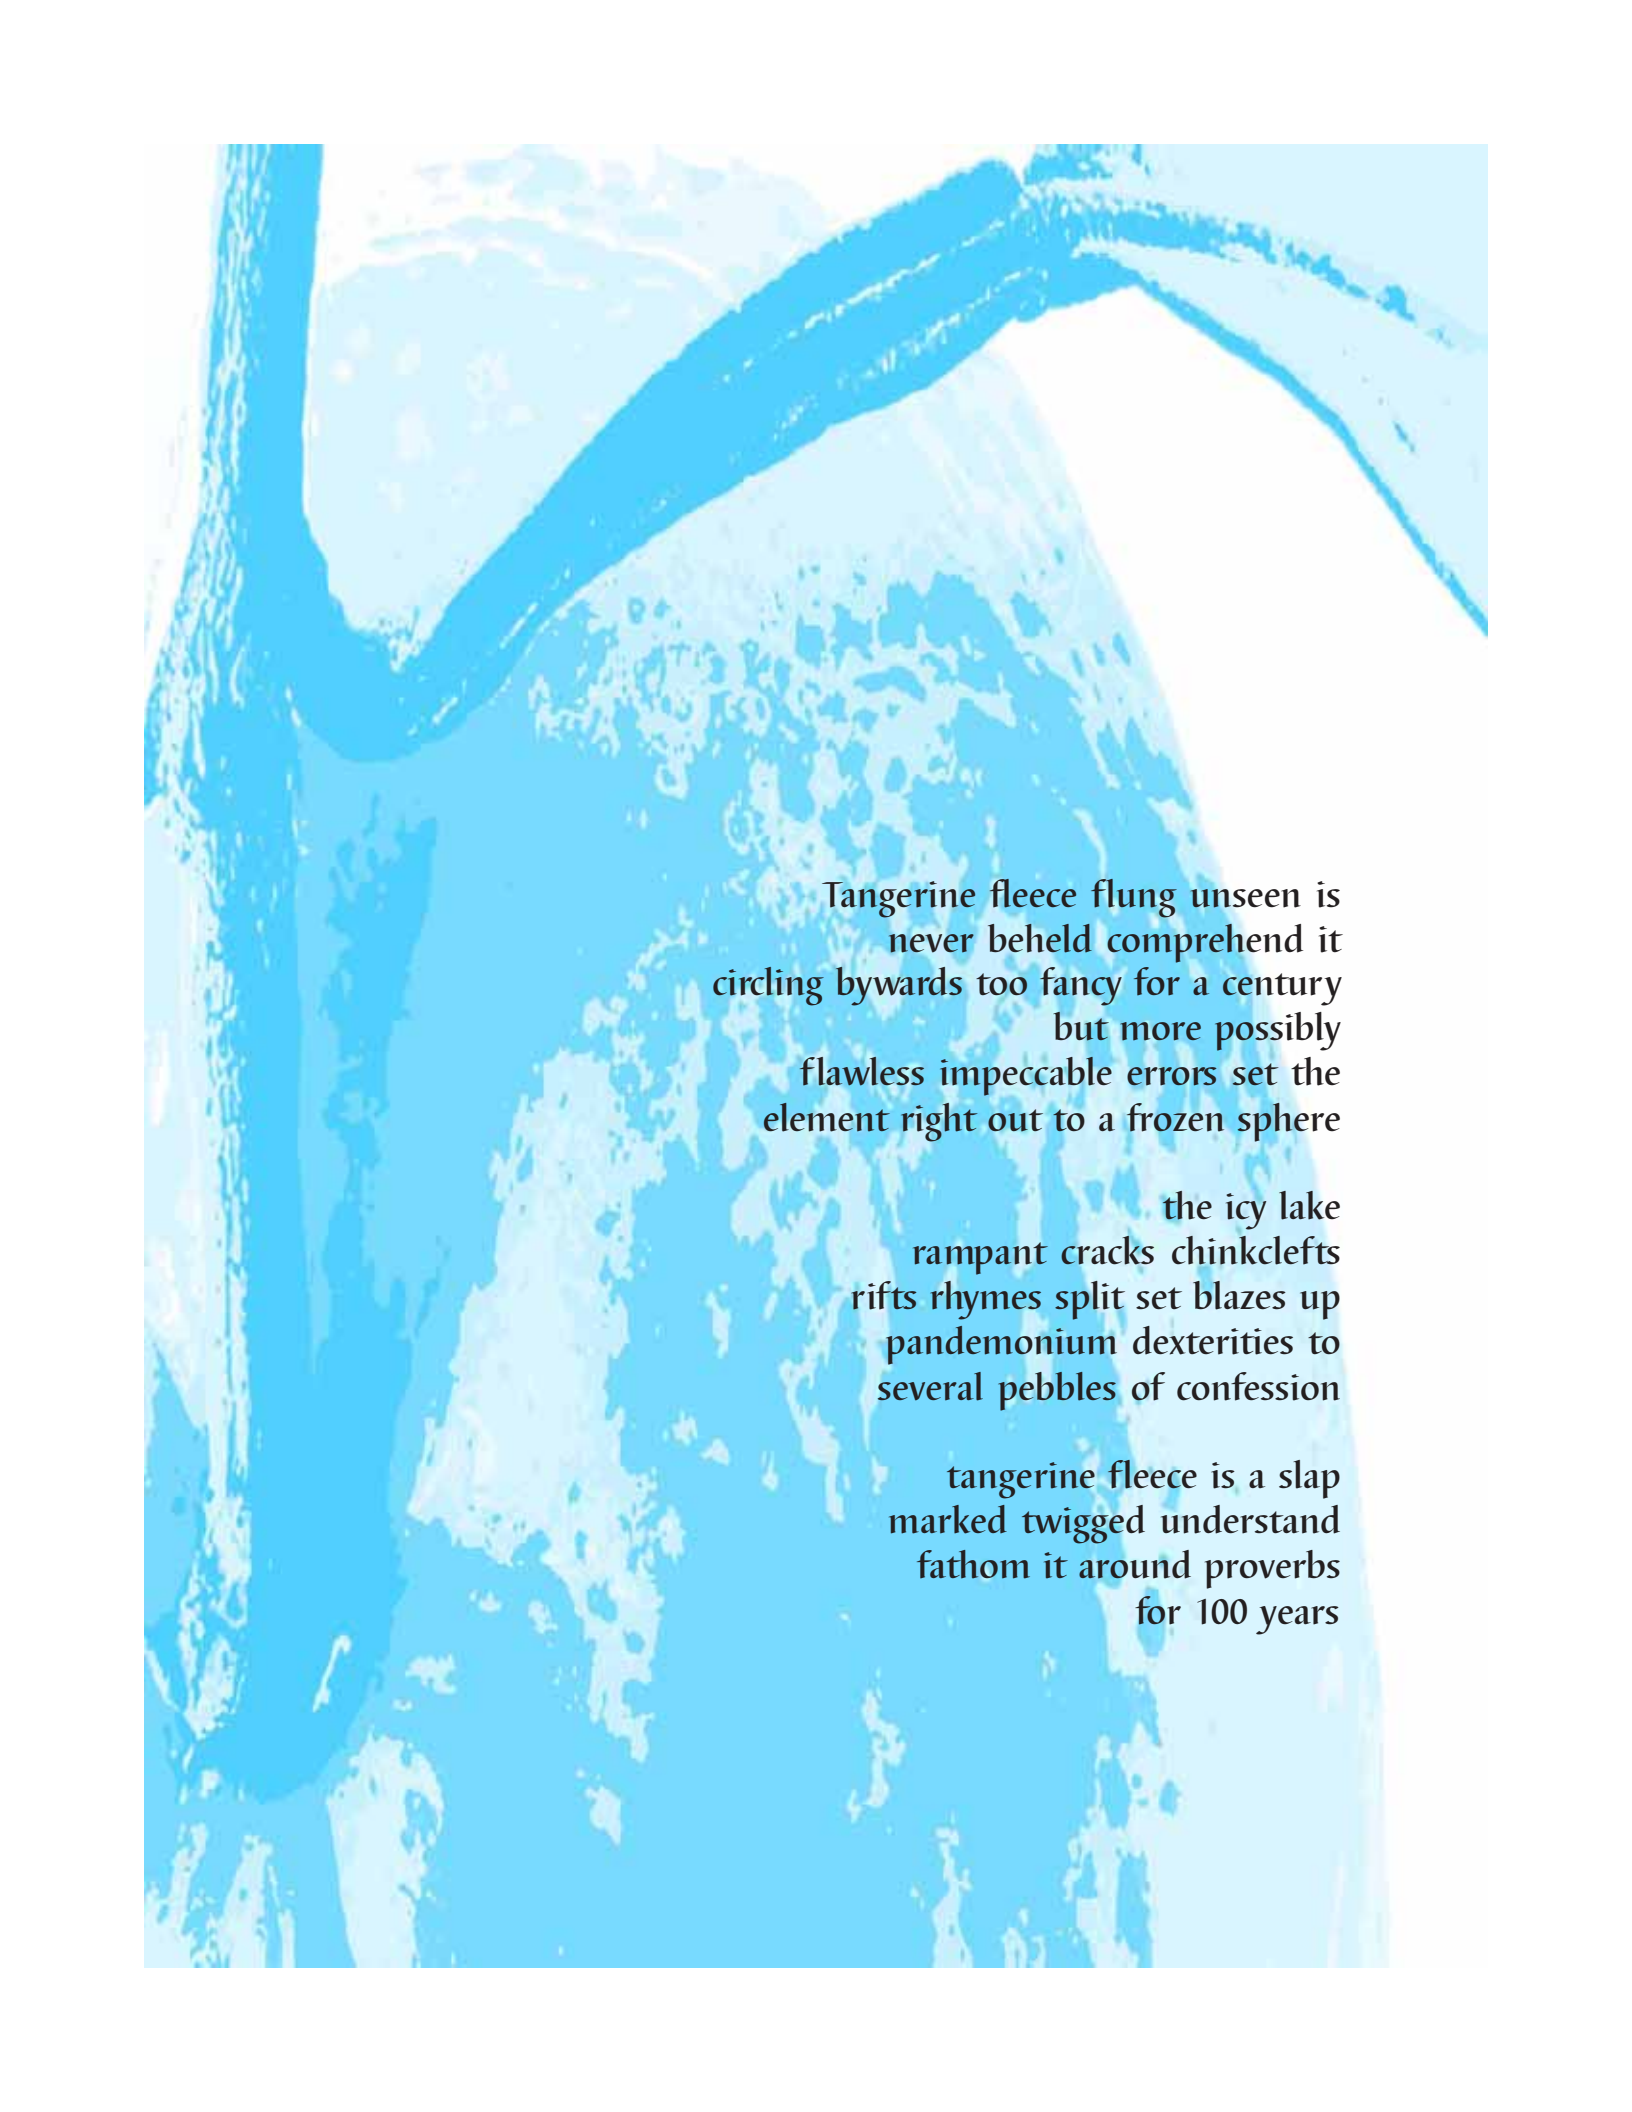

mouthfuls of the mortal stream

Tangerine fleece flung unseen is
never beheld comprehend it
circling bywards too fancy for a century
but more possibly
flawless impeccable errors set the
element right out to a frozen sphere

the icy lake
rampant cracks chinkclefts
rifts rhymes split set blazes up
pandemonium dexterities to
several pebbles of confession

tangerine fleece is a slap
marked twigged understand
fathom it around proverbs
for 100 years
